SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

VOLUME 40-

POLICE DEPARTMENT WILL TIGHTEN UP ON CITY MOTOR TRAFFIC

Having in mind a post-war condition of many old model cars being driven on the streets, of dangerously thin rubber on practically all cars, a tendency to speed-up with the gas ration lifted, the Council of the City of Sierra Madre has asked the Police Department to tighten up on motor vehicle traffic. This wise foresight on the part of the council will meet with approval and co-operation by the public. There are more children than ever before going daily to and from schools, many aged people living in the city unable to move quickly from the path of a car not strictly heeding pedestrian rights. Pedestrian safety brings up the bicycle riding on city sidewalks which is strictly against the law. A sincere effort on the part of drivers, bicyclists, pedestrians and police will make "Ourville" the delightful city to live in which it is.

DONALD ROGERS 35 MONTHS IN U. S. NAVY

Donald Rogers, 22, gunner's mate 2/c, U.S.N.R., 382 N. Auburn Ave., at present attached to the U.S. Naval Amphibious Base, Little Creek, Va., is in the process of being discharged from the U.S. Navy after 35 months of active duty.

Rogers, married to the former Irene Owens of Floral Park, N.Y., was employed by the Diamond Match Co. in Los Angeles before going into the Navy. Rogers has had considerable sea duty, having served aboard the S.S. Key Pittman, the U.S.S. Prince George (AP-165) and the LST-7. He participated in the amphibious action at New Guinea, the Gilbert Islands, the Marshall Islands and the Marianas. He wears ribbons for both the American and the Asiatic-Pacific Theatres of Operation with four combat stars for the latter theatre.

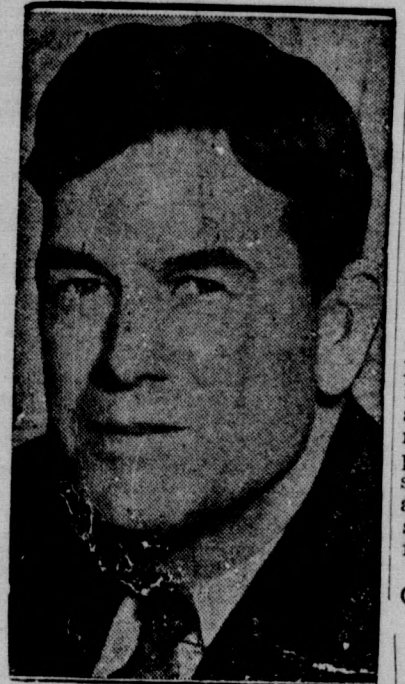

Many Members and Guests Attend Club on China Friendship Day, October 10th

The Sierra Madre Woman's Club opened its doors last week for the first luncheon meeting to China Friendship Day. Many distinguished guests were present, among them were Mayor Thomas M. Schwartz, Councilmen Robert Bruce McGill, Capt. A. E. O'Banion, author of "Double Ten," Dr. J. Earl Gossard, local promoter of China Friendship Day, with Dan Reib, who has spent many years in China, as co-chairman; Capt. E. G. Everett, famous cavalier of the Spanish-American War in the Philippines.

Mrs. John Emory Diemer, program chairman, introduced Wei Fan Hsueh, who spoke on "China's Role in Maintaining the Future Peace of the World." The lecture was rich in information of Chinese history, culture and philosophy. Club members and their guests felt very fortunate to have first-hand narration of events leading to the present situation. Councilman McGill, introduced by Mrs. Edward Halperin, made a sincere plea for sponsors of the Christmas boxes which Red Cross Camp and Hospital are mailing to wounded service men. One hundred thirty dollars was spontaneously contributed by the members and guests for 52 boxes.

Lee Shippey Guest Speaker KMPC Sun.

Lee Shippey

Lee Shippey was guest speaker on "Everybody's Hour" over Station KMPC, Pasadena Sunday in a new series designed to bring Southland listeners the inside story of how and why the great names in newspaperdom write their daily stories.

Shippey recounted his early experience as a foreign correspondent during World War I, as well as the circumstances which led to his joining the Times staff in 1927.

Noted for his discussions of "human interest news," Shippey's fans are numbered by thousands. It is from this host of admirers that Shippey draws the many character sketches which delight followers of his column "Leeside."

Wilhelmina Best were in charge of the delightful Chinese luncheon served to some 100 members and guests. The tables were decorated with Chinese figurines and flowers in a Chinese motif.

Following the luncheon, Capt. O'Banion gave some interesting highlights on the writing of his book, "Double Ten."

Mrs. Bruce McGill, book review chairman, reviewed "China Fights On," "China Crisis" and "Rickshaw Boy."

Mrs. John Emory Diemer, program chairman, introduced Wei Fan Hsueh, who spoke on "China's Role in Maintaining the Future Peace of the World."

Episcopal Church will Institute New Rector

The Rt. Rev. W. Bertrand Stevens, D.D., Bishop of the Episcopal Diocese of Los Angeles, will institute the Rev. Harley G. Smith Jr. as Rector of the Church of the Ascension, Baldwin Ave. at Laurel, Wednesday evening, October 24, at 7:30 o'clock. Bishop Stevens will give the sermon at the service.

Father Smith is well known in the Diocese of Los Angeles, having been Rector of Christ Church, Ontario, from 1937 to 1942. A graduate of Cornell University in 1924 and subsequently of Nashotah Seminary, he was ordained to the diaconate in 1927 and to the priesthood in 1928. After serving the Church of St. John the Divine, Burlington, Wis., for three years, Fr. Smith was called to the rectorship of the Church of the Intercession, Stevens Point, Wis., where he ministered to a large and devoted congregation for six years until 1937, when he became rector of the Ontario, Calif., parish.

Following the institution an informal reception for the new rector will be held in the Guild Hall and the parish extends a cordial invitation to the community to attend and meet the new Rector. The Vestry and combined parish organizations will be in charge of the reception and refreshments. The reception will also be attended by many diocesan clergy and friends of Fr. Smith.

"UNCLE BOB" OF RADIO DIES AT DECATUR, ILL.

Many friends will be grieved to learn of the death of Robert E. Gates October 3 in his home at Decatur, Ill., from a heart attack. Mr. Gates made many friends in the city when he spent the winter here last year with his daughter, Mrs. G. R. Lovejoy, 74 W. Grand View. He is survived by his wife, also an aged mother and 12 children.

Mr. Gates was affectionately known as "Uncle Bob" of the radio on the Swift program broadcast from Chicago, and he was also the "Voice of Graceland" on the radio for many years.

Mr. and Mrs. Ellett Jackson with Mrs. Lovejoy drove to Decatur to attend the funeral.

Recommendation for Santa Mesa Highways

The County Regional Planning Commission has recommended a major traffic plan which calls for widening of Orange Grove Ave. to a 100-foot street connecting with Orange Grove Ave. in Pasadena, and the widening of Sierra Madre Blvd. to 60 feet on both sides of the Pacific Electric tracks. They recommended that the service road which is planned to serve property owners on the north side of Foothill Blvd. be extended the entire length of the subdivision, not half way.

Favor Double Street
Michillinda Blvd. should be made into a double street to preserve the eucalyptus trees, the commission suggests. They favor a 12-foot parking between the two roads which would be 60 feet wide. The commission is opposed to rear yards abutting on Michillinda and Sierra Madre Blvds.

All streets running east from the subdivision on Michillinda Blvd. should connect with Sierra Madre streets, at least two streets above Orange Grove Ave., planners felt. They also called for provisions for an elementary school north of Orange Grove Ave. and east of the center line of the subdivision site. It should occupy from eight to 10 acres, they said.

CLARENCE JAY AT KIWANIS TUESDAY

Clarence Jay, a nationally known character, member of the Altadena Kiwanis club and Past Lt. Governor of the 10th District, will give a book review for the local Kiwanis at the regular meeting, Tuesday, October 23. He will review "Immortal Wife," a story of Gen. Fremont and early California history. Harry Lane will be chairman of the day.

Famous Chinese Talent at Woman's Club Program

The next meeting of the Sierra Madre Woman's club will be held at the clubhouse Wednesday, October 24 at 2 p.m.

Wong Tarn, a member of the Royal House of Wong, will present, in native costume, folk songs, tales and old legends of his people, a bit of old China, from the pages of the past.

He came to this country as an art student, remained to appear on screen, stage and radio. His acapella singing at the Hollywood Bowl last summer will be remembered by many Southern Californians.

The program will be followed by tea.

'Fishface' to Address Kiwanis

Limone Vincent

It will be politics, but not as usual, when "Senator Fishface," the pitted politician address the Ladies' Night meeting of Sierra Madre Kiwanis club Thursday evening at the Masonic Temple. "Fishface" is a nationally known radio, stage and banquet entertainer. He was starred regularly in the Zanie political charade over N.B.C. for five years, and has appeared on such big shows as Al Pearce, Comedy Theatre, Fitch Bandwagon, Jack Carson, Blondie, and others. Real name of the "Senator" is Limone Vincent. Mr. Vincent is also very well known for his characterization of Abner's Papa, "Phinus Peabody" of the "Lum and Abner" program, and is at present doing a program every morning, 5:30 to 6, on KFI called "The Cornshuckers' Jubilee."

"Fishface" promises one of the wildest... and craziest political speeches ever recorded... and Vincent promises that several prominent club members are in for a real ribbing during the course of his 40-minute program of fun and foolishness.

Monrovia Favors Joint Action by Three Cities

New proposals have been made by A. N. Rawn, head of the Los Angeles County Sanitation District, which may be more attractive to Sierra Madre, Monrovia and Arcadia, even though Arcadia has voted bonds for their own system, including a disposal plant.

Mr. Rawn states that he is now in position to offer San Gabriel Valley communities a sewer proposition that will save them thousands of dollars during the next 40 years.

Arcadia has submitted Mr. Rawn's proposition to the city's firm of sewer engineers for analysis.

Mayor Williams of Monrovia announced that their city officials are waiting for Mr. Rawn's new figures. Monrovia has its own system but is in need of a new disposal plant and must decide whether to build a new one or join the county sanitation district.

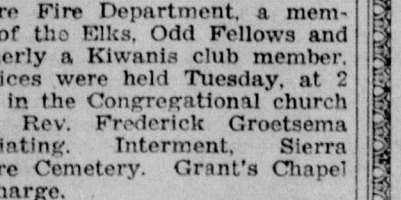

Monrovia favors a tri-city set-up between Sierra Madre, Arcadia and Monrovia with costs of the trunk line to the central disposal plant being divided between the three cities.

It is reported that Mr. Rawn's new plan calls for elimination of the proposed disposal plant in the Whittier Narrows and construction of an entirely separate main line to the main sludge plant at Wilmington to serve the foothill district exclusively plus the La Verne line, thus leaving the present Montebello line free for the cities of that action.

W. L. Hibbs Service Tuesday Afternoon

William Lee Hibbs, 249 Ramona Blvd., passed away October 13, at the age of 64. Born in Bartholomew, W. Va., he had been a resident of Sierra Madre for 35 years. He is survived by his wife, Bessie Hibbs; daughters, Mrs. Carmen Worthington and Mrs. Melaine Hibbs; sons, Donald Hibbs and Charles Hibbs, and three grandchildren. By profession he was a building contractor. He was a retired member of the Sierra Madre Fire Department, a member of the Elks, Odd Fellows and formerly a Kiwanis club member. Services were held Tuesday, at 2 p.m. in the Congregational church with Rev. Frederick Groetsema officiating. Interment, Sierra Madre Cemetery. Grant's Chapel in charge.

P.T.A. Membership Drive Brings Many Members and Awards to Students

The P.T.A. membership drive has been successfully concluded, and at assembly held at the Grammar school Friday Mrs. John Fergus, membership chairman, presented the prizes to the classrooms securing the largest number of members and to the individual pupils securing the most memberships.

In the upper division Mr. Kyle's room (7th grade) received first prize, with Miss Newton's room (8th grade) receiving second prize. In the lower division Miss Adams' room (4th grade) was first and Miss Leonard's room (2nd grade) was second. The

kindergarten received a separate prize since it was felt that little folks deserved recognition for having secured membership of more than 100 per cent. The prizes for the individual pupils bringing in the highest number of memberships went to Jean Meeder in the upper division and Carlin Smith in the lower division.

During the past week, tickets have been sold for the Foothill Circus at the Rose Bowl October 20. The money from the sale is to be used by the P.T.A. for welfare work.

Veteran of Three Ship Sinkings will Receive Discharge

Mr. and Mrs. R. T. Van Vleet left for Seattle, Wash., last Thursday, where Mr. Van Vleet, Chief Petty Officer, Electrician's Mate, of the U.S. Navy will receive his naval discharge November 20 after six years' service. Officer Van Vleet has been one of the so-called lucky sailors. Three ships have been torpedoed from beneath him and he actually came out without a scratch. He has 17 battle stars to his credit. He was on the U.S.S. Essex, the carrier, which has credit for downing 1565 Jap planes. At Pearl Harbor Van Vleet was on the U.S.S. California when it capitulated and he was on the U.S.S. Chicago, a heavy cruiser, which made the valiant fight in the Coral Sea when her bow was blown off and she sailed backwards all the distance to Sidney, Australia.

Mr. Van Vleet with Russell Lovejoy is inaugurating the new Wistaria Cab service in Sierra Madre.

Stork Visits Outnumber Deaths Here

Although the war-baby peak in Los Angeles county was reached in 1943, stork visits outnumbered deaths in Sierra Madre by 25 per cent, according to an annual report made public by Dr. J. M. Furstman, Monrovia district health officer. Births totaled 96 and deaths were 77.

Measles and German measles accounted for 167 of the 252 cases of communicable diseases reported in Sierra Madre, with chicken pox ranking second.

Clinic attendance in the Monrovia health district, including Sierra Madre, dropped off during the fiscal year just ended. This, in view of the increased population, reflects the improved financial status of the communities.

RECOMMEND SCHOOL ON HASTINGS RANCH

Local Condition Now Overcrowded

Discussion between the school board and city planning commission has brought out the fact that a new elementary school in "Santa Anita Mesa," proposed subdivision, to be carved out of the Hastings ranch, will greatly alleviate crowded school conditions here.

On recommendation of the school board and city planning commission, the subdividers will be asked to set aside from 8 to 10 acres of land north of Orange Grove Avenue and east of the center line of the subdivision for an elementary school plant.

The school would serve children in the ranch subdivision and also boys and girls living in the western part of Sierra Madre. Unless the Hastings ranch is annexed to the City of Pasadena, the acreage, extending westerly to Sierra Madre Villa Avenue, will remain in the Sierra Madre elementary school district, according to Superintendent Henry Korsmeier.

School facilities here are greatly

ly overtaxed with the enrollment now at 570 compared with 510 for the same time last year. Mr. Korsmeier reports. There are 80 enrolled in kindergarten.

At a special meeting of the school board it was decided to purchase additional classroom furniture to take care of the increased number of students.

Lt. Col. Walter D. Thurber

Advancement Given Walter D. Thurber of Cal. State Guard

Promotion of Walter D. Thurber, 470 Manzanita St., to the rank of Lieutenant Colonel in the California State Guard has just been announced by Adj. Gen. Victor R. Hanson, commander of all State troops in California.

Col. Thurber has been identified with the State Guard since its inception. In 1940, nearly two years before Pearl Harbor, he was one of several hundred men who volunteered for officer training. This training was given in the Los Angeles Coliseum and at Los Angeles High school. In addition, Thurber was one of a small class which studied military science and strategy three evenings a week under the direction of Col. Halsey E. Yates of the United States Army. Graduating with a "Certificate of Ability" as 1st Lieutenant he was assigned to the old State Guard 3rd Regiment as Public Relations Officer and other duties. The "other duties" included the organization and training of the Sierra Madre-Arcadia company of which he was the first

Former Band Leader in Japanese Prison

News of soldiers who have not been heard from since early in the Pacific War continue to seem like miracles. This week friends received a telephone message from S/Sgt. Wm. H. Brooks from his hospital bed at Letterman Hospital. Brooks, native of Sierra Madre, son of Mrs. Ethel Brooks of Colfax, Wash., had not been heard from since the fall of Corregidor where he was with MacArthur. At the capitulation of Japan he was released from a Japanese prison in a very weak, malaria-ridden condition. He was a former band and orchestra leader.

BREAKFAST NEWS

It is mighty easy to get in a rut when it comes to breakfast—especially since it must be cooked and eaten in time to get the children off to school before the bell rings and other members of the family to work before the whistle blows.

Although fruit juice, toast and coffee have become a habit with many people, this habit can easily be broken by tempting them with crisp corn flakes with fruit, fluffy pancakes with sizzling sausage or perhaps waffles with maple jam. Who could resist a well-balanced breakfast that included baked grapefruit or hot orange coffee cake with cornflake topping?

Whether it is in peace or war—whether it is winter or summer—breakfast is an important meal.

BAKED GRAPEFRUIT
Cut fruit in halves; remove seeds and loosen sections. Drain excess juice. Sprinkle each half with 2 tsp. brown sugar and dot with 1 tsp. margarine and a dash of nutmeg. Place in flat pan and bake in 375° F. oven 30 minutes.

ORANGE COFFEE CAKE
3 Tbsp. shortening
1/2 c. sugar
1 egg
2 tsp. grated orange rind
1/4 tsp. almond extract
1/4 c. flour, sifted
2 tsp. double action baking powder

1/2 tsp. salt
1/4 c. orange juice
1/4 c. milk
Cream shortening and sugar; add egg, beating well. Add orange rind and flavoring. Sift flour, baking powder and salt together; add to creamed mixture alternately with orange juice and milk. Spread in greased 8x8x2" baking pan and cover with the following topping:

CORNFLEAK TOPPING
1 c. corn flakes
2 Tbsp. sugar
2 tsp. grated orange rind
1/4 tsp. allspice
1 Tbsp. melted margarine
Crush corn flakes into fine crumbs; mix with sugar, orange rind, allspice and margarine. Sprinkle over coffee cake and bake at 375° F. for 20 minutes.

ROUND THE TOWN

♦ Mr. and Mrs. Guy F. Scott, 143 E. Highland, are spending the winter in their house trailer at Cathedral City.

♦ Rita Marie Otteson, infant daughter of Mr. and Mrs. Arthur Otteson, 2716 La Tierra, Pasadena, was baptized at St. Rita's by Fr. Eustace last Sunday afternoon. Mr. and Mrs. Lloyd Welch were the sponsors.

♦ Laurence (Bus) Brain, M/Sgt., who has been overseas for two years, was scheduled to leave Berlin the 13th for the States. He is the son of Mrs. Frances Brain, 61 W. Highland.

♦ Mr. and Mrs. E. R. Bullard of Chicago have been visiting Mrs. W. Beely, 414 Mariposa, who is Mrs. Bullard's sister. The couple plan to stay in Sierra Madre indefinitely.

♦ O. E. Smith and daughter, Mrs. Helen M. Reithman, 158 W. Montecito, and Mrs. Mary Wingard, 168 Montecito, are moving to 500 E. 15th St., Long Beach.

♦ Mr. and Mrs. Stephen Vopatek returned Saturday from a month spent in the North, Seattle, Vancouver, B.C., and that part of the country. Mrs. Vopatek said there was no rationing of meat but sugar was scarce.

SIERRA MADRE BREAKFAST AND LUNCH IN NEW YORK

The Rainbow, the world's fastest transport plane, which will cut flying time Los Angeles to New York to about six hours, will soon be built. The new Republic-built Clippers will cruise through the stratosphere at nearly seven miles a minute.

Estimated flying times are as follows:
Los Angeles to Manila, 20 hours.
Los Angeles to Hongkong, 22 hours.
Los Angeles to Shanghai, 17½ hours.
Los Angeles to Tokyo, 15 hours.
Los Angeles to Calcutta, 28 hours.
Los Angeles to Auckland (or Sydney), 19 hours.

East-bound estimated times are:
Los Angeles to San Francisco, 1 hour.
Los Angeles to Seattle, 3½ hours.
Los Angeles to New York, six hours.
Los Angeles to London, 15 hours.

With a cylindrical fuselage fully pressurized for flying in comfort in the stratosphere, passengers will travel in air-conditioned cabins far above the weather at clear 40,000 feet cruising levels. Equipped for long transcontinental and transoceanic schedules, the new Rainbow-type Clippers will have accommodations for 40 passengers and crew, in addition to mail and other cargo. But they will deliver those 40 passengers faster than man has ever traveled, except in fighter airplanes.

Annual Hallowe'en P.T.A. Frolic Gives Promise of Real Fun

An evening of fun is forecast for Wednesday, October 31, when the P.T.A. will hold a Hallowe'en party at the Grammar School from 5 until 9 p.m.

Costumes are to be the order of the evening, and prizes will be awarded to the children with the best costumes in each age group. Although fancy dress is optional for adults, it is hoped that all who can will dress up and get in the spirit of Hallowe'en.

There will be movies in the auditorium and dancing in the cafeteria. In the refreshment line, there will be hamburgers, hot dogs, ice cream and cake.

INSTRUCTION GIVEN GIRL SCOUT LEADERS

Many women whose volunteer war work has ended are finding Girl Scout work fascinating and most worthwhile. Preparation for leadership is being sponsored jointly by Sierra Madre, Temple City and Arcadia Girl Scout councils. Miss Nancy Hargraves of the National Staff of Girl Scouting is giving a course at the Community Church in Temple City October 22, 23 and 24. Brownie section, 9:30 to 11 a.m. and Intermediate 11 a.m. to 2 p.m. Transportation may be arranged by calling Mrs. Roy Carlson.

ALA ACTIVITIES

The Unit meeting held at the home of Rose Galkin Thursday evening was well attended and a busy session. Plans were made to send gifts of money to sons of Auxiliary and Legion members in the service. Our Unit will have the decorating of the tables at San Fernando hospital for the Armistice Day party. A letter was read from our absent member, Louise Block, who is spending two months in Ontario. Mrs. Ora Olsen of Glendale was an out-of-town guest. A delegation of past presidents attended the pot-luck dinner at Azusa on Friday.

Membership Chairman Leila Embree tells us that this year's goal for the American Legion Auxiliary is 1,000,000 members, 60,000 for the Department of California. Qualifications for membership are honorable discharge and Legion membership of a husband, father or son. All who are privileged to belong to the American Legion Auxiliary are invited to join in the expanding program of rehabilitation.

Our next meeting will be a Hallowe'en celebration at the home of Mrs. Oscar Willumsen, E. Highland Ave., Thursday evening, October 25, at 8 o'clock.

and Things!

If it's peace you want;
The thing you've got to do
Is to show that you
Are up to fighting, too!

—Lowe.

Harry Truman says:

"I BELIEVE IN an adequate national defense program. I think that the old Puritan who prayed regularly against the Indians was much safer when, at the same time, he prudently kept his powder dry."

LAST WEEK POP ran a blurb against the promiscuous use of chewing gum. I would like to add that the great American Gum-Chewing Public will soon be able to chomp away to their gums' content. Crude and refined chicle, the ingredient that puts the chew in chewing gum, is one of the ten commodities removed from import control! Too bad, POP!

HALLOWE'EN WILL SOON be upon us, and I want to suggest School Boy Jonathan apples in my department for that apple-bobbing contest! I have small and large pumpkins for Johnny's and Mary's Jack o' Lanterns, too. Also pop corn for popping and pop corn already popped; and Adelanto Cider and Grape Juice for the kiddies.

CURLY SAYS TO TELL YOU he received a good shipment of fine fruit cakes in one and two-pound boxes. These are nice for Hallowe'en refreshments served with cider or coffee.

YOU REALLY SHOULD come in and look around. Many old items are reappearing on our shelves. Tin is coming back into use; the shelves are beginning to look full again—just like old times. Paper goods are still scarce, salmon is very scarce, and so are tomatoes, tho we did get SOME fancy tomatoes in and will have MORE. We have some smoked salmon, and were able to promote some salad oil—and this last item will probably be rationed for another year.

MOM WOULD LIKE to advise all housewives holding sugar stamps for canning to cash them in now. They may be revoked at any time.

IN CLOSING permit me to soliloquize a bit:

I find that with the passing years My pace is just a little slowed. I may not go so far nor fast But—I see more along the road.

(P.S. You should see POP trying to make mayonnaise for you.)

Yours, till next week,

THE GREEN FROG.

FINE MEATS BECOME MORE TENDER IN SAFEWAY'S HUGE AGING ROOMS

IT IS NOT ENOUGH that Safeway buys only the top government grades of meat. The Safeway plan of perfecting meat for market calls for each cut to remain the correct number of days in huge aging rooms at our Central Meat Plant. Here, temperature and humidity are carefully controlled to retain full juiciness in the meats while they achieve peak tenderness and flavor. This is the same process of natural meat aging that is used by fine hotels and restaurants. When they reach perfection, the meats are rushed to Safeway markets in refrigerated trucks. After excess bone and fat have been removed by our famous waste-free cutting method, the GUARANTEED MEATS are offered for sale... every cut guaranteed to please, or money back!

Poachers Who Left Fawnskins Get Credit for Resort's Name

FANNIE DILLON, SIERRA MADRE, FOUNDED THEATRE OF STARS THERE

Possibilities for a fascinating hobby is in the origin of names in and around Big Bear, and one of those related by the late Will Talmadge authenticates the true story of how Fawnskin Meadows and the present village of Fawnskin on the North Shore received its name.

In the '70's, Mr. Talmadge reports, his father and family owned extensive lumbering interests near Lake Arrowhead. They traveled by horseback in those days and camped out, and since the original road came into this valley by way of Green Valley and Fawnskin, the meadows above the lake there was a popular camping spot because of their beauty and natural advantages. They usually referred to the spot as their meadow campsite, until one time as they were returning to the Blue Jay home they set up camp in the meadow only to discover some poacher had recently killed five fawns, skinning them for the carcasses and leaving the hides there. Thereafter, states Mr. Talmadge, whenever any of their family referred to that meadowland, they usually identified it as Fawnskin meadow.

The creek, with its headquarters at the meadows, had long been known as Grout, yet Mr. Talmadge states he had never heard the reason for its name in all the 80 years he spent in these mountains.

Because of the attractiveness of the name and the fact that deer with their fawns abounded in the area, the development was named Fawnskin, the postoffice established in that name and the found-

ations for a thriving community on the north shore pioneered.

A traffic count shows the growing popularity of the mountains. In 1922, 519 vehicles were counted on a Sunday, the figures growing thereafter to 4500 in 1930.

The year 1924 claims a prominent spot in the history of Fawnskin for in that summer it saw the creation and development of the Theatre of the Stars, considered the outstanding scenic natural amphitheatre and bowl in Southern California. The movement was fostered by the intrepid spirit and artistic instinct of Fannie Dillon, noted American composer and pianist of Sierra Madre, who has made her summer home in Fawnskin for many decades; in fact she recalls first coming through the valley by covered wagon with her father and camping at the site of the community she now calls her own.

As founder of the Theatre of the Stars, Miss Dillon was instrumental in bringing such outstanding musical organizations as Los Angeles Philharmonic Orchestra, Russian string quartet and numerous concert artists of note to Fawnskin for Sunday concerts. Among those appearing the first year particularly charmed with the Fawnskin bowl was Edith Norton, who the following summer was a booster and moving spirit in encouraging further development of the project by bringing prominent musicians for afternoon concerts.

A letter from the publisher of The Grizzly states: "Too much credit cannot be given Miss Dillon for her efforts, financial backing and ideas which kept alive those summer outdoor programs and brought some of the most outstanding talent of the musical world to this valley to entertain."

Like many an enterprising community of that time, the depression resulted in confiscation of a great quantity of the property by the banks, which was held by them until about three years ago when it was again put on the market. Today there isn't a single piece of bank-owned property available; and last summer and this have seen a veritable boom in activity and sale of private lands and cabins, and the outlook for the immediate post-war era at Fawnskin will be one of real optimism.

People are investigating Fawnskin as a potential location for nearly every type of shop and commercial enterprise, with the result that Fawnskin now looks toward a most favorable post-war period of development.

Soldier home on furlough has trouble. Wife reports to police that he beat her. Police accompany him to home from where he removed his belongings. Agreed that there would be no more trouble. Chief McMillan and Art Udell were called upon to assist an elderly lady from a bath tub. It wasn't Saturday either. A large dog on Mariposa street insists on digging up the parkway, much to the annoyance of the neighbors and the cops. He is always there when the neighbors call and gone when the police arrive. An other wallet lost and recovered. Doors of three different business houses found unlocked by patrolmen, all on the same night. Cowboy Fairfield again put on his spurs and returned a runaway horse to the corral. Children dropping kites along the street was reported. Proved to be four small kittens following a boy to school. He returned them after he had safely cached them while he attended classes. Bill Wark's auto caught fire under the hood and caused damage to the paint. A neighbor provided "fire bombs" to extinguish the fire, while the firemen drove there. A box of cigars took a walk from the counters of Emil's News Stand. An injured dog was cared for by Officer Fairfield. Struck by an automobile. An urgent call. Man badly injured by a shot from a rifle.

Died at hospital shortly after.

Man cited to court for burning out of house. Fire had escaped to neighbor's yard.

Car leaking gasoline along Sierra Madre Blvd. Stray dog reported. Owner traced and dog returned to his happy home.

Young couple quarrelling along the Boulevard Sunday morning as church goes looked on. The scrappers had not been to church.

Auto accident at the entrance of Bailey Canyon. Another auto blocks a narrow street much to the chagrin of a neighbor. Another auto accident at Michillinda and Sierra Madre Blvd. Chief McMillan tries his luck at lassoing a stray horse. Rope caught in a tree. Owner's little girl brot him home.

Mrs. Garrison reports the loss of a baby buggy from her porch. Found later three miles south of Sierra Madre Blvd.

Lost Mexican man finally taken to the home of his sister who had moved to other regions.

Boys playing football in the street. Chased by the cops. Too bad.

A family fracas when mother and son tried to control father. When police arrived, father left house for different quarters.

Yeager age 90, decided to leave for walk in early hours of the morning. Wound up in Monrovia. Cops there picked him up. He was glad. A woman rushed to St. Luke's hospital after taking poison from ant paste. Lady dumped cans and rubbish along the edge of another lady's orchard. Cops were called. Lady willingly moved the stuff. Ronald Hurwit reported lost 6 year old Found and returned. Mrs. Ethel Henderson reported turtle strolling along Sierra Madre Blvd. Too fast, escaped. Another noisy party. Agreed to break up. Reacquired a second call. Auto accident at Highland and Lima. No one hurt, but cars in bad shape.

DO YOU RECALL?

(From File of October 17, 1930)

Canyon Improvement Assn. protests paving of street past the W. B. Corum property unless the entire 16 acres be included in the assessment instead of just the lots fronting the street.

Twenty violators of fire laws in the Angeles Forest arrested during September.

Rosemary Miller, 439 Mariposa, wins Golden Eaglet Girl Scout award.

Ted Hanson and his bride are the recipients of a new home in San Clemente, the gift of the groom's father, Ole Hanson.

Charles M. Clark, 693 Manzanita, celebrates his 82nd birthday and tells how Sierra Madre looked when he came here in 1885. He mentions among the early settlers, Baldwin, Hastings, Carter, J. C. Dillon, W. S. Andrews, S. R. G. Twycross, Mrs. N. C. Carter and L. E. Steinberger. Clark started a hardware store and later went into the dried fruit business. In 1912, C. W. Jones and W. S. Hull bought an interest in the hardware and later Jones and Clark disposed of their holdings to Fred

Griebenow and Chas. Klunk.

Death of Mrs. Martha Caley noted.

Mrs. Artha Anderson, 79, died at her home, 353 N. Sunnyside, which she had made famous. She purchased the half acre of ground six years before and planted a garden which was chosen as the "Garden Spot of California" in a State-wide contest.

Lee Shippey has been accused of "colonizing" Sierra Madre, it being said that he has praised this city so much that the entire Los Angeles Times staff might eventually live here. Mentioned were Harry Bowling, editorial writer; Ralph Cook, purchasing agent; Wallace Blakey, assistant State editor; Alyce Kimball, San Gabriel Valley correspondent; Helen Johnson, linotype operator; Gerhard Russell, cartoonist; A. E. Bruce, wireless typewriter operator and Lloyd Hamilton, assistant State editor.

Business was practically suspended Tuesday afternoon for the funeral of Mrs. Emeline Pritchard, wife of Rev. Arthur O. Pritchard, whose death occurred Sunday.

John E. Spoelstra is the new Safeway store manager.

Roy Edwards Jr. suffered a broken arm when he was thrown from his motorcycle.

(From File of Oct. 18, 1907)

C. W. Jones, J. C. Pegler and Justus Kraft of the City Council met with the Sierra Madre Water Co. to attempt to formulate a plan for the city to purchase the water company.

Pressure put on P.E. to build freight depot. Goods come in late at night and are left in the street and often damaged by rain.

Board of Health will work for ordinance to limit number of horses and cows kept within the city limits.

New race track being built at Arcadia.

Woman's club presented Old Songs under direction of Mrs. Laura Stevenson. Those appearing on the program were Miss Cook, Elsie Caskey, Mr. Osgood, Mr. Graham, Mr. and Mrs. Bechtelheimer, Miss Webster, Mrs. Dixon and Mrs. Hawkhurst.

Mrs. W. P. Caley has been visiting in Sunland.

Aug. Ecklund has opened tailor shop in Kersting building.

Sierra Madre Hardware is nearly ready to open for business.

Necessary to put on extra P.E. cars to handle the crowds of mountain climbers Sunday.

Miss Saenger has opened the

resort at the end of the car line and calls it "Mount Wilson Coffee Parlor."

Miss Ethel Bowers entertained the Modern Priscillas last week and Mrs. John Hart did this week.

For Rent—Five rooms and bath, laundry and barn, free water, \$20. Six rooms and bath, large porch and cellar, \$25.

WHAT NEXT?

THINGS TO COME—Nylon to go into brake linings, shock absorbers and gaskets. . . . A new stain-proof wall paper, developed after nine years' research. . . . A new liquid soap which will remove paint, lacquer and enamel from hands without injury to the skin. . . . An improved patching plaster which will adhere to chipped or cracked walls without washing or sizing. . . . Specially coated incandescent lamps to keep bugs away. They transmit only the yellow portion of the spectrum which bugs for some reason or other do not like. . . . A new photoflash bulb with a power equal to light from a thousand 100-watt regular bulbs. . . . A portable washing machine, weighing only 15 pounds, which can be parked in a small space. . . . An undersea camera, which the Navy has used to photograph sunken vessels.

STATEMENT OF THE OWNERSHIP REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912 AND MARCH 3, 1933.

Of Sierra Madre News, published weekly at Sierra Madre, California, for Oct. 1, 1945.

County of Los Angeles, ss.
I, Notary Public in and for the State of California, do hereby certify that the foregoing is a true and correct copy of the statement of the ownership, management, etc., of the said publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in Section 537, Postal Laws and Regulations, printed in the reverse of this form, to-wit: where the names and addresses of the publisher, editor, managing editor, and business managers are:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:
Publisher, Clifford C. Ward,
9 Kersting Court, Sierra Madre, California.
Managing Editor, Ione E. Ward,
9 Kersting Court, Sierra Madre, California.
2. That the owners are Clifford C. Ward and Ione E. Ward.
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages or other securities are: None.
4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, and not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

Sworn and subscribed before me this 10th day of October, 1945.

N. M. MESSENGER,
Notary Public.
(My commission expires May 10, 1948.)

AROUND AND ABOUT

By EDWARD LLOYD VOORHEES

PARIS—III—OUTDOOR DIVERSIONS. To present to the world such a panorama of wealth, taste, cultural heritage, and spacious beauty that of Paris requires long tradition, vision, planning, and much time. The natural growth of Paris since the ancient Roman occupation has been an evolution outward from the small Ile de la Cite in the Seine, in concentric circles or ellipses evident on any map of Paris. The perimeters of these circles roughly coincide with certain of the great boulevards, which in turn mark the position of the successive, defensive ramparts of the 14th, 16th, 17th and 18th centuries—in fact, the words "bulwark" and "boulevard" stem from the same idea: fortification. In addition to the natural growth of Paris, there have been the planned modifications—the most striking example of which were the bold and sweeping changes made in the 1850's and '60's, under Napoleon III, carried out by Baron Haussmann, prefect of Paris, at a cost of over 500,000,000 of francs and a storm of scandalized criticism from the frugal French—whose descendants are today of course justly proud of the results achieved.

The public open spaces in Paris are too numerous even to name, but the mere mention of the Place du Carrouvel, the Tuilleries gardens, the vast Place de la Concorde, the broad Champs Elysees, and the matchless Etoile with its Arc de Triomphe evoke unique images and memories to anyone who has visited Paris. It is such open spaces as these and countless others which justify the state's possession of a stretch of pleasure grounds unmatched in Europe, and as yet unrivalled in America only by those of Washington. Well, give our national capital 50 years more to carry out its really magnificent building plans, and two or three more centuries to acquire that elusive something made up of "ancient tradition" and "atmosphere," and—provided we survive our own and others' atomic and "jet-propelled" inventions—Washington, D.C., will not only remain the "City of Magnificent Distances" but may become something unique in both hemispheres for its beauty and spaciousness as well as its area. If so, credit must revert to the original plan of a Frenchman, Major Pierre L'Enfant, and to the vision of President Washington and Thomas Jefferson—all three of whom worked together "a masterpiece of landscape architecture," suggestive of Paris in its spaciousness and geometrical patterns, a plan by which more than half the area of our capital city is and will remain open space—streets, avenues, and public parks—because the later authorized commission of eminent American architects of 1901 decided to return substantially to Pierre L'Enfant's plan.

On the fourth day of my first visit to Paris, by taking the wrong tram for the Cluny Museum I landed at a very wonderful Exposition! I still do not know exactly in what part of Paris I found the Exposition, but I shall never forget the "brave, new world" which its appearance seemed to project. I know I stayed all the rest of the day and the evening wandering amid the fantastic novelties of color, material, new architecture, and lighting effects. Though happening 15 years earlier, it was—as I see it now—a sort of preview of some of the most striking external features of the New York World's Fair of 1939-40, especially in its lighting devices and spectacular architectural effects. I recall the vast, curved main thoroughfare on which the evening illumination came from columns of colored glass around each one of which played dancing sprays of water. It was there I saw the first so-called "modern" model

houses, Swiss, Spanish, French, Belgian, and Italian—I listed in my journal—with the notation that the Belgian and "even the French" house seemed over-ornate in comparison with the others, and that the Italian house seemed most dignified of all—with its spacious, "high entrance hall of white marble, with frescoes in colors above, below which and along the white marble wainscoting were carved in bas-relief the graceful figures of four greyhounds in repose. On a pedestal was a bronze bust of Mussolini, with deep eye sockets empty and dark, but more expressive than eyes could have been. . . . The Morocco House very much impressed me by its quiet seclusion within, the water-music of its miniature fountain there, and the faint but pervading odor of the sandalwood which lined the interior of the rooms.

Six years later—on the same grounds, I believe—at the Colonial International Exposition, the illuminations were even more fantastic in strangeness and beauty. Unforgettable were the multi-colored light-and-water spectacles around a great oval basin in whose water they reflected. At one end of the basin were "the Bridges of Light," formed by great jets of water shooting up from either side like two giant bird-of-paradise plumes and meeting in a perfect arch above the middle of the basin under strong orange light. The "Theatre of Water," a cluster of towers and battlements and balconies from which shot up feather-like streams of water at varying heights under a constantly changing color-scheme of concealed lights gave an impression of drama in movement, at the other end of the great basin. A third piece was "Le Grand Signal," a great soaring fountain over 150 feet in height which seemed carried up and up by its double row of white-lighted water jets spouting like perpetually burning Roman candles. At the top of this snow-white apparition of waters was a space of darkness, above which, and as if floating in mid-air was a crown-like cluster of white water jets, fine as spray. Not far away was the blood-red Fountain of the Totems, and beyond that the rose-diamond glow that outlined the grand stairway and successive terraces of the exotic Palais de Madagascar, and most fantastic of all, a replica of the facade of the huge terraced temple of Angkor-Vat in Indo-China, as large as a public square, with its ascending tiers

of terraces and strange images, topped by five huge elongated domes with their many encircling ornate balconies, all illumined by a weird purple glow. Western civilization brings strange things together from the far corners of the world, trophies in the race for power and splendor. Here on all sides was evidence of colonial tribute gathered from the natives of savage Africa and brooding Asia, drawn by golden chains to the capital of imperial France and "glamorized" by her architects and painters for the wonder and envy of Europe.

PREVENT FOREST FIRES

Each year more than 3 billion board feet of America's timber is destroyed by forest fires. The carelessness of honest, law-abiding American citizens is the cause of 90% of this loss.

A lighted match thrown carelessly aside, a campfire left burning, a cigarette slipped from the window of an automobile.

This year there is greater danger than ever. There are fewer men to police our forests . . . and almost no one left to fight fire.

It is important that YOU do your part.

REMEMBER THE RULES:

1. CRUSH OUT your cigar, your cigarette, your pipe ashes.
2. BREAK your match in two, then pinch until it's dead.
3. DROWN your campfire; then stir, add more water before you leave.
4. ASK ABOUT THE LAW . . . and a permit . . . if you must burn; then follow safe rules and kill every spark.
5. ALWAYS BE CAREFUL. An extra minute of caution may save vital watersheds and a hundred years of forest growth.

HOME INSULATION IN WINTER

Your home and your health are just as important in winter as they are in summer.

While most homes are insulated as a protection against excessive summer heat, time has proven that additional unexpected satisfaction is derived from insulation during the cooler nights and days of the winter months.

Rock-Wool Insulation performs its function every day and night of the year and, once installed, goes on through the years to give maximum service for the life of the house.

During that period of the year when heat is used in the home, your insulation will yield a very satisfactory interest on the investment by savings in fuel and, in addition, you get more comfort from the heat you pay for.

If you like the idea of warmer floors on which the children can play while they are forced to stay indoors, if you like the idea of more comfort for yourself, when you are not able to spend so much time in your garden, then, you should let Monarch Roofing & Insulating Company give you full particulars of your Insulation requirements and the price, a service that they accurately and cheerfully extend, without obligation of any kind.

The Home Insulation that keeps you comfortable in summer is also on the job to protect your comfort in winter.

Honey-blonde Hazel Franklin, one of the many stars of the Ice Follies of 1946, now at the Pan-Pacific, Los Angeles, for a limited run.

One of the reasons why the Shipstads and Johnson Ice Follies of 1946, now showing its 10th anniversary edition at the Pan-Pacific is acclaimed as the greatest in history is the presence of a flock of figure-skating champions, unparalleled in history.

Heading the list is Roy Shipstad, long recognized as the king of the professionals, who hits even greater heights this season. Then there is Evelyn Chandler, the Atomic Bombshell of the Ice, whose acrobatic skating has never been equaled. Energetic Evelyn is the world's greatest in this field.

Heinie Brock is not only the champion of the ice funnymen, he is one of the greatest all-around athletes ever to attend the University of Minnesota.

FIRE FLAMES

A TRIBUTE TO Wm. B. HIBBS

The death of another of our most beloved firemen overshadows anything that might be written about fire prevention or the activities of the men. After having suffered from a trip to the high altitudes in search of his favorite sport, William L. Hibbs passed away last Saturday morning. His death was somewhat of a shock, because, by all appearances to those of us who visited him, he was getting well. Once more within a very short interval, the men of the fire department are blue. "Lee" is gone. To the firemen he was always known as

"Lee." We all loved him. During his more than 23 years as a fireman, he was always depended on to take an active part in anything undertaken by the department. He was never the last to uphold what was right. Slow to anger during discussion, he was reliable with his judgment. His anxiety to promote activities of the fire department that reflected acts of charity and cleanliness were ever uppermost in his heart. Even though he had passed the retirement age and had been placed on the retired list, he continued to attend the meetings of the firemen and was called on many times for his opinion. His honesty was outstanding even to the extent of his thoughts. "Lee" could never be called a "yes, yes, ser." If you wanted to know what he thought of you, it was only necessary to ask him. He could "tell you off" and you went away knowing the truth had been told. It afforded one an opportunity to check up on himself. Because of his ability as a mechanic, many of the accomplishments of the organization in the past were greatly aided by his help. Much of the success and reputation of the fire department is due to "Lee's" work in it. He has been missed very much since his retirement, but we will now miss him a great deal more. When he did attend meetings, he never failed to fill his position as "Fire Collector." It was his jovial nature that provoked the hilarious events during the fine-collecting period. We can all remember times when he pulled us from chaos during a good hot debate. He expected the same for himself and was ever grateful when corrected. "Lee" was one of the charter members of the present fire department, having joined early in the year 1921. Because a new section of by-laws requires a member to retire from active role at the age of 60 he was retired from active duty in the year 1944. This did not discourage him from retaining his interest in the fire department and he continued to attend the meetings until his death. He wanted his name on the list of auxiliary members. From the very first time that the First Aid team was organized into the fire department, "Lee" took an active part. He thought much of this section of the fire department and never hesitated when asked to accompany the team on a demonstration elsewhere. This was his pet interest and he loved to take part in it.

Besides being a faithful fireman for the city of Sierra Madre, he was instrumental in accomplishing many other matters beneficial to the town. He could always be found where any civic affair was in progress. The city has lost another good man and he will be missed. He will be particularly missed by the firemen. His earnest devotion to fire duty and his nature as a genuine good fellow. We feel that he is at peace and that if there is a place for good fellows, he is there.

Along the Union Pacific Strategic Middle Route, uniting the East with the Pacific Coast, stretches a vast network of telephone and telegraph wires. Over these wires go orders controlling movement of all trains.

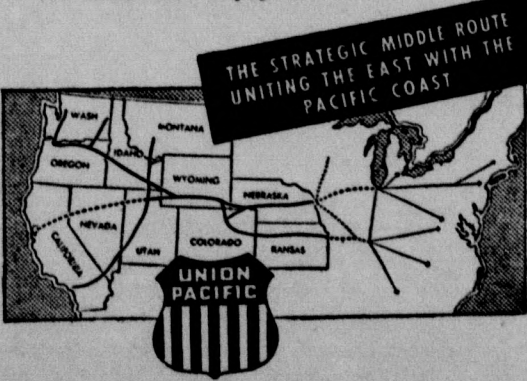

To insure efficient and safe operation, extreme care must be taken in transmitting. For example, the Union Pacific "book of rules" gives the following instructions for the transmittal of train orders by telephone... "time will be spelled and then pronounced, thus: t-w-o t-e-n 2:10 pm."

Union Pacific's efficient operation has been developed throughout seventy-six years of service to the nation in peace and in war. A tremendous amount of "know how" has been accumulated during those many years.

In the postwar era when travel conditions have returned to normal, you can continue to depend on Union Pacific for dependable transportation... for the utmost in rail travel comfort and enjoyment.

MT. WILSON, PALOMAR MERGED

Joint Control of
Two Observatories
Announced Here

A single administrative management for Mount Wilson Observatory and the observatory on Palomar Mountain will co-ordinate the observational work to be undertaken by the 100-inch telescope at Mount Wilson and the 200-inch telescope on Palomar, it was announced today by the Carnegie Institution of Washington and the California Institute of Technology.

Joint control of the two observatories was decided following resumption of the work of polishing the 200-inch disk at Caltech halted since the outbreak of the war. Optical and mechanical work on the new telescope is expected to be completed within one or two years.

'ROUND THE TOWN

Mr. and Mrs. Albert Maurice of Bristol, Ind., were house guests last week of their long-time friends, Mr. and Mrs. A. J. Barkman of Michillinda.

Cpl. Robert Coit is spending a 21-day furlough with his family at 311 N. Auburn. He will return to Lincoln Air Base, Lincoln, Neb.

T/4 Carl Cullum arrived at the home of his father, Homer Cullum of Esperanza Monday after four and a half years in the service, half of which was in the Pacific. He is a veteran of Kwajalein and the invasion of the Philippines. Other than having lost much weight he is in fairly good health and reported at Ft. McArthur yesterday for discharge from military service.

Lt. John H. Coit has written his parents, Mr. and Mrs. Coit, Grove St., that he has completed his Army University course at Biarritz, France, and has returned to Duxford, England, to await orders. He was stationed with the 8th Air Force.

Mrs. Mary Mosher of Los Angeles, who recently returned from Oklahoma City, spent the week-end with her sister, Mrs. Fannie Sea.

Funeral services were held Saturday for Mrs. Margaret Eddy House Judd, Pasadena, who for the past 12 years had been assistant principal of Anoka-Plint-ridge School for Girls, on Baldwin and Foothill.

Arthur D. Anthony, 93 W. Mira Monte, is a surgical patient at St. Luke hospital. His operation was Tuesday. He is very fortunate in having two trained nurses in the family who are caring for him: his daughter, Mrs. Doris Brillhart of Kansas City, and daughter-in-law, Mrs. Keith Anthony. He is reported as doing well.

and early in 1945 was again assigned to Southern California area hqs. with the rank of Major. His new rank as Lieutenant Colonel dates from October 10.

Two of Col. Thurber's sons are in the Army. Richard, a lieutenant in the Army Air Force, who is now home on terminal leave, and John, who is now stationed at Fort McArthur. A nephew, Bernard Thurber, a sergeant in the Air Force at Hickam Field, Hawaii, was slightly injured when the Japs made their sneak attack on December 7, 1941. He later

was sent to the mainland for officer training and served as an Air Force lieutenant in the European theatre of operations for more than two years. Col. Thurber's father, then a strapping 16 years, served in the Civil War and his mother's father, Capt. Carr B. White, then a slave owner in Kentucky freed the few slaves that he owned, and raised a company and fought in the Union Army. An earlier grandfather served as an officer with Gen. Washington in the War of the Revolution.
